Button Up:

Just please become familiar with the piece. Read through it a couple times, and google it see how this *arrangement* is different from others that you find. What do I mean when I say 'arrangement'?

Feel Good:

Same as above. Please become familiar with the piece. Read through it a couple times, and google it.

Al-Shlosa:

This is a partner song: A song with one or more parts put together. So...we have song #1, and song #2. Please listen to this piece and know each song (be able to sing it) well so that we can put it together.

Silver the River:

Please remember what we did two weeks ago. Please listen to the piece. Is this a partner song???

Thanks!

☺

Laura, Can you put in the link to silver the river and al-shlosa?
